HEAD AND NECK CANCER SUMMIT

January 16 - 18, 2025

Dubai World Trade Centre

www.headandneckcancersummit.org

WELCOME MESSAGE

Dear Colleagues,

The International Federation of Head and Neck Oncologic Societies (IFHNOS) was founded in 1987.

Over the years, it has conducted numerous programs of continuing education, including quadrennial world congresses, the very popular world tour program and offers on line educational resources on its web site www.ifhnos.net.

It also conducts a Global On Line Fellowship (GOLF) program and approves centers of excellence around the world for hands on training in Head and Neck Surgery and Oncology.

This year IFHNOS introduced a new program called the "Head and Neck Cancer Summit", a comprehensive multidisciplinary didactic program covering the entire field of head and neck surgery and oncology held twice a year in different parts of the world. The program in consists of lectures, panel discussions, tumor boards and video sessions on operative techniques.

In 2024 the Summits were held in Chennai, India (February 16-18) and Sao Paulo, Brazil (August 29-31).

The first Summit in 2025 will be conducted in Dubai, in collaboration with Emirates Rhinology and Otolaryngology Conference (EROC), from January 16-18.

The traveling faculty on the program are well recognized global leaders in Head and Neck Oncology. These experts will interact with leaders in the field from the Emirates and adjacent nations in the middle east. IFHNOS promises, this to be a most exciting and state of the art Head and Neck conference in recent years in this part of the world. We look forward to welcoming you to Dubai in January 2025.
